From 2017/18 this will be undertaken by a new external auditing company PKF Littlejohn LLP. The Smaller Authorities' Audit Appointments Ltd (SAAA) has appointed PKF Littlejohn LLP as the external auditor of Devizes Town Council for the next 5 years from 2017/18.

From this year onwards, access to the Annual Governance and Accountability Returns and instructions are being provided through email links.

**8. REPORT FOR INFORMATION – END OF WW1 COMMEMORATIONS**

Devizes Town Council has joined with Devizes Outdoor Celebratory Arts (DOCA) and the Royal British Legion to put an event together which will commemorate the 100<sup>th</sup> anniversary of WW1.

As Remembrance Sunday itself, is already a busy day, with church services, and a concert in the Corn Exchange, therefore the working group has decided that many events should start on the Monday which this year is the 5 November and has historically been the formal start of Remembrance week.

- **Opening of the Garden of Remembrance. (05-11-2018)**

It was agreed that opening the Garden of Remembrance on the Monday, instead of the Wednesday, would bring greater publicity to the week of remembrance.

Legion to be asked if they will agree to the plan.

COMMUNITY & CIVIC RESOURCES COMMITTEE  
8 MAY 2018

As part of the opening of the Garden, the names of those who died and are listed on the War Memorial for WW1 could have their names read out again.

It may be possible to have muffled church bells ringing at this event.

- **Exhibition in the Corn Exchange Foyer (05/11/18)**

Grenville Jones has set up a project, which is backed by the Royal British Legion nationally, to encourage and support young people to explore different aspects of the war.

Much of what they do is to document aspects of soldiers' lives and the impact war has on a community. It is hoped that some of the work the young people create could be shown in the Foyer of the Corn Exchange, which could commence on the 5 November and remain for the week.

- **Choirs and Poetry**

A further aspect of the Grenville Jones project, is to bring younger and older members of the community together, to sing some of the popular war time songs. With other events going on the Monday, it could be an opportunity to bring the community together in songs lead by the Good Afternoon choir.

It was agreed that given the links with John McCrae, it would be fitting to read out some of his poems between choir songs.

- **Canadian Link**

The town had a strong link with the Canadian Army during WW1, as it was a staging location before being sent overseas. It was agreed it would be appropriated if that link could be remembered and to support this, contact should be made with the Canadian High Commission.

- **War Memorial Names**

In addition to the names on the War Memorial being read out, during the week running up to Remembrance Sunday, it was suggested that a group of names be published on local Social Media sites, to raise awareness of those from the Town who gave their lives.

At this stage many of the proposals are funding dependent and an Arts Council application has been made for that purpose.

**Recommendation**

Following the resignation of Michael Lugg, it is recommended that the Committee agrees to recruit to the vacant post of Venues Assistant.

**Purpose of the Report**

To ask the Committee to agree to recruit to the post of Venues Assistant.

**Background**

The Council's Recruitment Policy provides that when a post becomes vacant, permission to appoint must be sought from the Community and Civic Resources Committee. Permission will not normally be withheld unless a review of the necessity of the post is required and no review is required.

Officers are of the view that there is no requirement for a review of the necessity of the post as the role of Venues Assistant is an essential operational post within the venues service and it would not be feasible to deliver the service without this post being filled

The post is recommended to be recruited to on the existing job description and grade – doc 11/1 – 11/2 refers.

To agree recruitment to this vacant post.

## **12. REPORT FOR DECISION – APPOINTMENT OF DATA PROTECTION OFFICER**

### **Recommendation**

That the committee appoints a data protection officer in preparation for new data protection regulation which come into effect on the 25 May 2018

### **Purpose of the Report**

To ensure that the Council complies with its legal obligation prior to the commencement of the General Data Protection Regulations.

### **Background**

The General Data Protection Regulation (GDPR) which become law on 25 May 2018 and will like the Data Protection Act 1998 before them, seek to strike a balance between the rights of individuals and the sometimes, competing interests of those such as the Town Council with legitimate reasons for using personal information.

The regulations places a duty on the council to appoint a Data Protection Officers if you are a public authority. The role of the DPO is to monitor internal compliance with the retaliations, provide advice an act as a contact point for data subjects.

Whilst the guidance states that DPOs can be either employees or external appointment, they must be independent. The Information Commissioner's Office has been asked given the size of many town and parish council, is it practical for Clerks be DPOs. As yet no clarification has been received; however, Devizes Town Council believe as the Town Clerk has little to do with the day to day management and use of data and therefore is sufficiently independent for operational use. DPOs must also report to the highest level of management, which of course the Town Clerk does.

To help with the separation of duties, the Admin and Finance Manager will have responsibility for ensuring on a day to day basis that agreed procedures are followed.

### **Options Considered**

The Committee need to decide if the wish to appoint the Town Clerk as Data Protection officers as required by the General Data Protection Regulations which become law on the 25 May 2018

### **Implications and Risks**

#### **Financial and Resource Implications**

Any financial or resource implication for the Council associated with this decision should be relatively low for adopting and complying with the new General Data Protection Regulations, failure to do so could have significant financial and resource cost.

**Legal Implications and Legislative Powers**

The Council will be considering this matter under its General Power of Competence and the General Data Protection Regulations.

**Environmental Implications**

Officers are unaware of any environmental implication for the Council associated with this decision.

**Risk Assessment**

Officers are unaware of any risk implication for the Council associated with this decision.

**Crime and Disorder**

Officers are not aware of any issues the Council should consider under Section 17 of the Crime and Disorder act 1998.

**13. REPORT FOR DECISION – DATA PROTECTION POLICIES AND GENERAL DATA PROTECTION COMPLIANCE**

**Recommendation**

That the Committee note the preparations undertaken by officers for the introduction of the General Data Protection Regulations and agree the polices contained within the report.

**Purpose of the Report**

To prepare the Council to meet the legislative commitment as set out in the General Data Protection Regulations which come into force on 25 May 2018.

**Background**

Officers have compiled and reviewed policies and procedures in readiness for the commencement of the General Data Protection Regulations, which come into effect on 25 May 2018.

There are a number of actions and polices that needed to be adopted to ensure, where possible, the Council complies with the regulations.

Attached to this report is information prepared by the Information Commissioner's Office (ISO), which sets out steps to help organisation get ready for the new regulations. Doc 13/1/1 - 13/1/6

- Awareness. Officers have met with relevant staff to ensure they are aware of their obligations under the regulations. We will continue to develop polices which will ensure the Council continues to be compliant.
- Information We Hold. We have undertaken an audit of data categories we hold, which is attached to this report at Doc 13/2/1.

COMMUNITY & CIVIC RESOURCES COMMITTEE  
8 MAY 2018

- Communication Privacy Information. Privacy notices for the website have been updated and notices about our usage of CCTV have been placed in the Town Hall and Corn Exchange. There will also be a version of the privacy notice on display in the Town Hall. A copy of the web privacy notice is attached Doc 13/3/1 to 13/3/7
- Individual Rights. A new Information & Data Protection Policy set this out and needs to be agreed at this meeting Doc 13/4/1 to 13/4/8.
- Subjects access requests. The Council has previously agreed how it will manage requests of this nature within its publication scheme and transparency policies.
- Lawful Basis for Processing Personal Data. This information is contained within the Information & Data Protection Policy. We have also developed a Data Retention Policy which sets out how long data will be kept. Doc 13/5//1 to 13/5/7
- Consent. The Council collects very little data in a speculative manner and therefore such data forms part of the Council's service agreement with a user. Where it uses mechanism such as survey monkey and mailchimp, the protocols within the web service providers are compliant.
- Data Breaches. Within 24 hours of a data breach being brought to our attention, the Admin and Finance Manager will report it to the ICO.
- Data Protection Officer. In the previous report it is recommended that the Town Clerk is appointed to this role.
- International. Whilst this is technically outside the area of the Council's data management a "data sharing agreement" has been put in place between the Twin Towns for this year's twinning weekend.

The Council itself is a Data Controller, which means a person who (either alone or jointly or in common with other persons) (e.g. Town Council employees) determines the purposes for which and the manner in which any personal data is to be processed.

Whilst the Council is not a Data Processor, that is to say we do not process the data on behalf of other Data Controllers, we do use Data Processor for tasks such as our payroll and IT support. We have in place agreements about the responsibility for managing our data.

The policies set out in these documents are based on model policies drawn up by the legal team at the Society of Local Council Clerk and have then been amended by officers to match the Town Council's circumstances.

### **Options Considered**

- The committee needs to decide if officers have made reasonable attempts to follow good practise to enable the Council to comply with the General Data Protection Regulations which come into effect on the 25 May 2018.
- That the Committee agree the Information & Data Protection Policy attached to this agenda
- That the Committee agree the Data Retention Policy attached to this agenda.
- That the Committee agree the Privacy Notice attached to this agenda.

### **Implications and Risks**

#### **Financial and Resource Implications**

Any financial or resource implication for the Council associated with this decision should be relatively low for adopting and complying with the new General Data Protection Regulations, failure to do so could have significant financial and resource cost.

#### **Legal Implications and Legislative Powers**

The Council will be considering this matter under its General Power of Competence and the General Data Protection Regulations.

#### **Environmental Implications**

Officers are unaware of any environmental implication for the Council associated with this decision.

#### **Risk Assessment**

Officers are unaware of any risk implication for the Council associated with this decision.

#### **Crime and Disorder**

Officers are not aware of any issues the Council should consider under Section 17 of the Crime and Disorder act 1998.

## **14. REPORT FOR DECISION – DEVIZES TOWN COUNCIL STRATEGIC PLAN**

### **Recommendation**

The committee notes the suggestion made by the working group and provides comment before the working party continues to develop the plan.

### **Purpose of the Report**

Review the work of the Strategic Plan Working Party and provide comment for before further work is undertaken.

### **Background**

At its meeting of this committee on the 27 March a Working Party was formed to commence work on a new Strategic Plan for the Council. That working party has now met and sets out in this report is their recommendations for Vision for the town which is;

*That Council Develops strategies that improve the town as a place to work, live and visit.*

To help the Council achieve its Vision, it will need to adopt a number of broad objectives. These objectives will then help to inform and shape specific policies and strategies.

- *Promotion of the cultural identity of the town, both in terms of its physical heritage as well as its community diversification. This will help shape policies around changes to the town appearance and community activities.*
- *Delivery of services for community benefit. This will help shape decisions around current and future services.*
- *Promotion of tourism. This will help shape policies around supporting the town as a tourism destination.*
- *Inclusiveness. In setting this as an objective, it will commit the Council to ensure that wherever possible it is working for the whole community. There was a discussion around a commitment to consultation, which on some occasions may be a little prescriptive. This provides the Council with the ability to self assess and where it cannot be sure if one group within the community is unfairly disadvantaged by a policy, then it can seek wider input from all stakeholders.*
- *Support a resilient community. It has been recognised that one of the town's strengths is its wide variety of clubs, societies and activities. This objective will help the Council to develop strategies to help the community to grow and support residents to take more interest in the life of the town.*

The working party also agreed that whilst the Neighbourhood Plan and the Council's Strategic Plan needs to have complimentary aspirations, neither one should be subservient to the other.

These documents deal with different aspects of the Town's development, therefore the individual objectives within both the Neighbourhood Plan and Strategic Plan should serve to promote their purpose.

Before the working party undertakes further work it is important that the committee considers the recommendations and provides some comments.

### **Options Considered**

The Committee needs to decide if it agrees with the working parties suggestion for the direction of a new Strategic Plan for the Council and if it wishes to offers some comments before the work continues

### **Implications and Risks**

#### **Financial and Resource Implications**

Officers are unaware of any financial or resource implication for the Council associated with this decision

#### **Legal Implications and Legislative Powers**

The Council will be considering this matter under its General Power of Competence

#### **Environmental Implications**

Officers are unaware of any environmental implication for the Council associated with this decision.

#### **Risk Assessment**

Officers are unaware of any risk implication for the Council associated with this decision.

#### **Crime and Disorder**

Officers are not aware of any issues the Council should consider under Section 17 of the Crime and Disorder act 1998.

## **15. REPORT FOR DECISION – RECRUITMENT TO POST OF PARK WARDEN**

### **Recommendation**

It is recommended that the Committee agrees to recruit to the vacant post of Park Warden using two apprentices.

### **Purpose of the Report**

To explore and agree the principle of taking on apprentices within the park and opens spaces team with the ambition of recruiting two later in the summer.

### **Background**

The Council's Recruitment Policy provides that when a post becomes vacant, permission to appoint must be sought from the Community and Civic Resources Committee. Permission will not normally be withheld unless a review of the necessity of the post is required and no review is required.

COMMUNITY & CIVIC RESOURCES COMMITTEE  
8 MAY 2018

Officers are of the view that the post in some form of Park Warden is essential to maintain park services, however how this role is fulfilled could be altered.

Officers believe the Council is ideally placed to provide some employment based training, which will be provided through ongoing work based skill for a few members of our community, as well as ensuring the Council's workforce has the necessary ability to deliver excellent and effective service in future years.

Following the resignation of Linnie Donkin, It is officer's recommendation that the committee seeks to recruit two apprentices, which will provide the Council with the necessary resources for the Parks and Open Spaces team, which is currently fulfilled by this post. Planning ahead, taking on apprentices will help to cover additional duties as and when necessary with the likelihood that additional areas of work will be transferred from Wiltshire Council.

Apprentices are aged 16 or over and combine working with studying to gain skills and knowledge in a specific job. Weekly college training is required and will be funded through the training budget.

The apprentice must:

- work with experienced staff
- learn job-specific skills
- study during their working week (for example, at a college or training organisation)

Current rates:

These rates are for the National Living Wage and the National Minimum Wage.

Year	25 and over	21 to 24	18 to 20	Under 18	Apprentice
April 2018	£7.83	£7.38	£5.90	£4.20	£3.70

### Options Considered

To agree recruitment to this vacant post, using two apprentices or keep the status quo.

### Implications and Risks

#### Financial and Resource Implications

The salary of the two apprentices will be in line with the current post holder and the budget. The current post holder's hourly rate is £9.70.

**Legal Implications and Legislative Powers**

The Council will be considering this matter under its General Power of Competence.

**Environmental Implications**

Officers are unaware of any environmental implication for the Council associated with this decision.

**Risk Assessment**

Should the Committee not recruit to this post there is the risk that standards and operational efficiency may be compromised.

**Crime and Disorder**

Officers are not aware of any issues the Council should consider under Section 17 of the Crime and Disorder act 1998.

**16. QUESTION TIME**

A short time is allowed at the discretion of the Chairman for councillors to ask questions on matters which are not on the current agenda but which are related to matters which have been previously discussed on an agenda relevant to the committee.

At least 24 hours' notice must be given to officers of the intended question. All other matters should be raised on an agenda and the request should be submitted through the Town Clerk

DEPUTY TOWN CLERK
